

1/3

FIG 1

Sensor HS01 (Platinum/Silanized Si₃N₄) and
HA02 (Platinum/Si₃N₄) humidity test at RT (30 deg C)

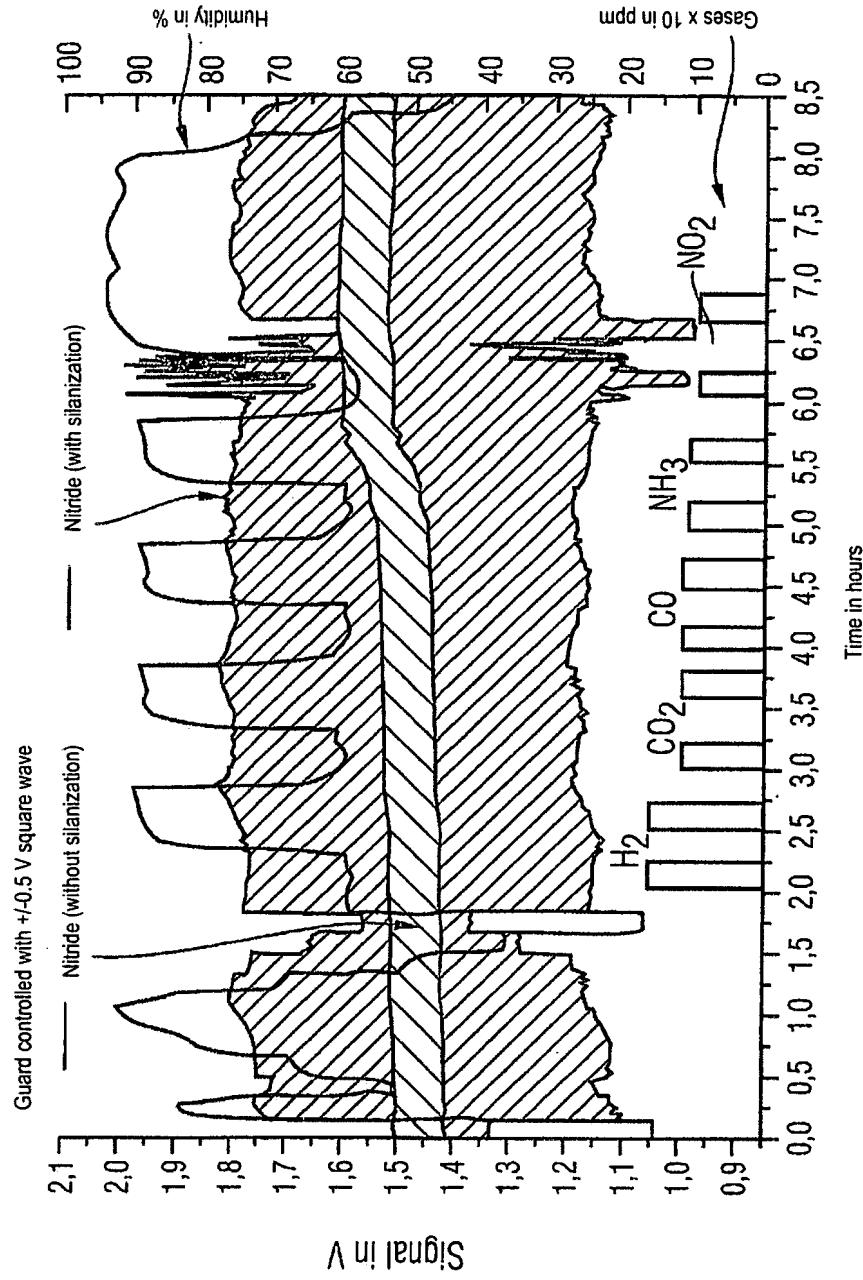

WO 2005/075969

PCT/EP2005/050418

2/3

FIG 2

By guard control with +/-0.5 V square wave, information is obtained about the surface conductivity of the material as a function of humidity and in combination with gases.

3/3

FIG 3
